

ROLE SUMMARY: Project Manager (UK)

Envirogen is a fast-growing water treatment company that is challenging the status quo in industrial water treatment and process filtration markets, enabling customers to reach new quality standards. We do this by constantly innovating, responding to market needs, providing flexibility and generating lasting partnerships that empower our customers and our people to grow.

Decisions are made without the bureaucratic processes associated with other water treatment companies, which means decisions are made quickly. We are committed to creating a positive, lasting change for businesses, communities, our planet and our people.

We are looking for talented and experienced Project Managers at all levels, to join our team and help us deliver projects of varying size and complexity.

Responsibilities:

- Ensure the project is delivered to SHEQ, customer, budget and programme targets.
- Develop and maintain relationships with the customer project team.
- Plan, direct, coordinate, implement, execute, control and deliver your projects to the project execution plan. Remain aligned with the delivery strategy, commitments and goals of the organisation.
- Management of subcontractors and supply chain
- Management of Risk and Opportunities
- Administering contracts
- Management of project finances
- Progress reporting

Qualifications:

- HND/ BEng in Mechanical, Electrical or Civil Engineering OR by experience
- Project Management qualification (APMP, AMP, PRINCE2 or similar) advantageous.
- Strong background in water treatment, wastewater treatment and/or filtration
- CSCS and SMSTS
- Proven leadership and interpersonal skills

- Excellent communication and presentation skills
- Strong analytical and problem-solving skills

Why you should apply:

- We are a fast-growing company with a great team culture.
- We offer a competitive salary and benefits package.
- We are always looking for ways to improve what we do.
- We have a flexible work environment.
- Our international network of offices and teams (UK, The Netherlands, France, Italy, USA – Texas, Tennessee, New Jersey, California, Nevada) provide opportunities to work overseas in some roles.

What you can expect from us:

- A challenging and rewarding work environment
- The chance to make a real impact on the company's success
- The opportunity to work with a team of talented and experienced professionals
- Opportunities for professional development

What we expect from you:

- A passion for project delivery
- A strong work ethic
- A willingness to learn and grow
- The ability to work independently and as part of a team

We are looking for Project Managers who are passionate about helping our company grow. If you have the skills and experience that we're looking for, we encourage you to apply today.

Please submit your CV, showing relevant experience tojoinus@envirogengroup.com
